251 12th Street

Brooklyn, NY11215

Contact: Charlie Evens 917-601-5364 or parkslopecchurch@aol.com

This would be an ideal project for a church that wanted to get senior women and mothers involved who could not go on mission trips.

We need many hats and scarves for the homeless. If a church(s) wanted to help they could have folks crochet these a periodically send them to us. These are obviously needed ASAP for this year put even those that come in late for this season will be used for the homeless and others in need i.e., Women's Shelter, Seniors with limited resources, etc.

BronxBaptistChurch.....2nd week in July

331 E. 187th Street

Demolition and reconstruction of fellowship hall including rewiring electrical.

Raritan Valley Baptist Church ----- May – July 2010

592 Old Post Road

Edison, NJ 08817

Contact: Michael Chance 732-287-5442, 732-287-4724 pastormike@rvbc.org

We have 1 room that needs a makeover (12X14) that has poor lighting, musty (mold removal), and needs to be painted. It needs to be made into a conference room for meetings and classes.

ParkSlopeCommunityChurch..... Fall 2009 to Spring 2010

251 12th Street

Brooklyn, NY11215

Contact: Charlie Evens 917-601-5364 or parkslopecchurch@aol.com

We have three bathrooms that are badly in need of a total overhaul (tear out tile floors and walls, may be able to save sheet rock walls. New sink and toilet. Lay ceramic tile floor and full walls (one thin line of border trim). New light, exhaust fan, ceiling tiles or sheet rock ceiling. Mirror and fixtures for toilet paper and paper towels.

We would like to have these done by May for our summer ministries If a group is interested they can email me and I can send them pictures, measurements, etc...

If group needs more work we have additional ministry and/or construction projects available.

Group would need to provide materials as we do not have the resources.

ParkSlopeCommunityChurch.....Fall 2009 to May 2010

251 12th Street

Brooklyn, NY11215

Contact: Charlie Evens 917-601-5364 or parkslopecchurch@aol.com

Possibly through a contact purchase the windows for less and then install them-which will further reduce this cost. I have a little money that we could put toward this project.

Thought that perhaps a group would split the cost of the windows and then put them in.

Insulate around windows.

ParkSlopeCommunityChurch..... Winter 2009 Spring 2010

251 12th Street

Brooklyn, NY11215

Contact: Charlie Evens 917-601-5364 or parkslopecchurch@aol.com

This is a very skilled project that is a great need.

The back wall in the sanctuary – up to ceiling, parts of ceiling, around windows has some serious water damage from the past. We had one area, off the side fixed – still needs a little loving care, but it shows this can be done. Folks need to be able to work on scaffolding. It may not all be able to be completed in one trip (a second trip by the same or a second church may be needed). This project may entail knocking out sections of the wall, sheet rocking and then plastering. The area around the molding needs plaster-sand-plaster-sand type care.

ParkSlopeCommunityChurch..... Spring 2010

251 12th Street

Brooklyn, NY11215

Contact: Charlie Evens 917-601-5364 or parkslopecchurch@aol.com

This would need to be done before the summer ministries begin in May. A couple weeks in March would not work as large groups will be staying with us. At some point there may be groups staying different weeks in May. (these weeks are available for this project until booked by a group). This will enable us to clean bathrooms easily, have each group wipe down walls with a light peach solution before leaving, to avoid mold.

Maranatha Baptist Church.....Spring and summer

916 E. 98th Street

Brooklyn, NY 11236

Contact: Peter N Allen, 718-237-9600, 718-257-0642, 718-300-7705 or nellapella@aol.com

We need assistance to complete the front of the church. (Brick Work)

Help with sheet rock inside of the church and basement.

Proper sign for the church as well as flyer distribution.

Metropolitan & LightHouseBaptistChurch.....April 17 – May 1

1624 84th Street

Brooklyn, NY11214

Contact: Chris Gardner 718-232-3762, 718-236-1197 or c_n_gardner@yahoo.com

Construction Mission Team

Renovate the Fellowship Hall, with new electrical, new ceiling, and plaster board, taping and painting.

Park Slope Community ChurchAnytime

251 12th Street

Brooklyn, NY11215

Contact: Charlie Evens 917-601-5364 or parkslopecchurch@aol.com

Box in Windows between the gym and sanctuary

Install replaceable lights in these boxed areas to simulate light coming into the other windows.

Sound proof this area so both areas can be used at the same time (as we start additional congregations we want to be able to have services in both areas at the same time.)

Then cover with IT111(?) this is the material that now covers the other three walls.

Note: The group would need to supply the materials as we simply do not have the resources.

Construction – Help renovate the mission house to house larger teams working in our area.

ParkSlopeCommunityChurch.....Anytime

251 12th Street

Brooklyn, NY11215

Contact: Charlie Evens 917-601-5364 or parkslopecchurch@aol.com

This would require a larger church with skills and resources

Replace the gym floor with a traditional gym type hardwood floor. The support beams are all good and there is a layer of plywood down. Plastic tiles with come up easily (Might be able to be done in advance).

Need hardwood floor put down and ideally group could paint the gym markings on floor. If they do not know how to paint the lines and such we can have this done later.

The group would need to supply the materials as we do not have the resources.
Would love to have this done by May 2010, before the start of our ministries.

We need to replace large double hung windows in classrooms, kitchen and possibly on either side of the organ. These windows are large and not every window place will make them, Excluding three windows I initially missed the cost to replace was already over \$6,000. My best guess is that they would end up costing close to \$8,000.

This project for a small skilled mission team that could come and tile the two bathrooms with the showers, etc. in dorm area. We have the tiles and the woman's bathroom has been started. Because of the use and dampness we were told by the tile expert that fixed some problems and started the woman's room that we should put up concrete board and then tile over it. We have the tiles (not sure about the glue – think we have some but will need more). We do not currently have the concrete board.
